Career Services:

The Career Services team will join you in class for some introductory career prep sessions and will help you make the transition from Bootcamp to Job Seeking once the program ends! After June 4, you won't have the structure of a full-time class schedule so it's important to plan your time and treat your job search like a full-time program or job itself! Our programming, scheduling, and alumni support is always evolving and growing as we adapt to the ever changing job market and needs of our grads! Here are the details on what to expect for your cohort.

Before class ends, career services will cover:

Date	Event
Apr 9	Week 1: Developer Profile
Apr 16	Week 2: Persuasive Communication: Leveraging Strengths and Experience
Apr 23	Week 3: Technical Communication
Apr 30	Week 4: Writing an Effective Developer Resume and Cover Letter
May 7	Week 5: Job Search Methodologies
May 14	Week 6: Juno Job Search Process 101 (Part 1)
May 21	Week 7: Juno Job Search Process 101 (Part 2)
May 28	Week 8: Developer Recruitment Journey: Interview Types
Jun 4	Week 9: Developer Recruitment Journey: Technical Challenges

When class ends, you'll attend:
Job Search Office Hours - June 7 to June 30
- Mondays and Wednesdays at 3pm-4pm

Career Labs: Technical Prep
- 4 Sessions, 5pm to 7:30pm
- Attendance is required and tracked - unless you accept an offer and no longer are job seeking!
- Monday June 7

- ○ Graduation Day! This is the official last day of your program. Attendance in this session is required to receive your certificate.

Session Dates - June 7 to June 10 | 5pm to 7:30pm			
Mon June 7 Alumni Q&A - Job Search Panel	Tue June 8 Pair Programming	Wed June 9 Live Coding	Thurs June 10 Technical Challenges

Hiring Cycles Cohort 33 - Juno's industry networking event
- June 14 \| 5:30pm to 7:30pm
  - ○ Project Demos
  - ○ Networking

Along with these sessions you will need to reserve time to:
- Apply to 10-20 jobs per week
- Write and send follow up emails to hiring managers and referrals
- Code every day - whether it's enhancing projects you've completed, starting a new project, or doing a deep dive into concepts covered in Bootcamp
- Meet with the Career Services team 1:1 for support
  - ○ Book these meetings any time you like!
  - ○ There will also be mandatory check-ins along the way

Post Career Labs, the Career Services team will work with you 1:1 until you accept your offer and begin your new career! The job search is just as demanding as the Bootcamp and we expect you to develop a schedule and do your best to stick to it. Grads who approach their post-Bootcamp time like a full time job and follow the process, tend to get the best results. We're happy to help you figure out a schedule that will work for your search and you can reach out to the Career Services team any time for support!
